

**O**ctopus is the name of a table with built in magazine storage – created by furniture designer Gunnar Berstad.

The table marks the start of the series **MADE IN NORWAY** – furniture designed, produced and distributed from Norway.

Octopus is made of powder-coated aluminium and is designed to stand the test of time. The lacquer is solvent free and environmental friendly. Due to the production technique the lacquer holds 4 times stronger than regular coating.

**Measurements:** 59x30x29 cm

**Materials:** Powder-coated aluminium

**OCTOPUS**
